Correspondence of the Baltimore Patriot. SANTA ANNA'S PASS.

WASHINGTON Oct. 17. 1846. The New Orleans Tropic and U.S. Gazette, a e discussing the grave and important question involved in the free pass of Santa Anna and Almonte, the present Generalissimo of the Mexican army, and

Santa Anna was an exile, residing at Havanna. He had been banished from Mexico because he was a tyrant, and had trampled the constitution of his country under his feet. He has impoverished the Paints, Dye-Stuffs, &c., &c., at WOOD Mexican nation, but had so managed his operations as to make himself the master and owner of untold riches. His conduct towards the Texans richly entitled him to a halter, and which would have graced his neck in 1846 but for the unaccountable leniency of Gen. Samuel Houston. All Texas abhorred him, and all the United States had ought to have done so. No man who cherished the least respect for those brave Texans Saraparilla, Dalley's Pain Extractor, at who were slaughtered at the battle of the Alamo and at Goliad, or lost their lives in the Mier expedition, could for a moment trust or put confidence in treacherous Santa Anna. How, then, came he to have a free pass through our squadron at Vera Cruz? Who counselled it Was it Senator Houston! He has had the credit of advising and planning the whole procedure. If it was his work-if he prevailed upon Mr. Polk to enter into an intrigue with Santa Anna, whereby the latter could take command of the Mexbitter enemy, Almonte, the President of his account the credit or infamy of such advice .- If it was not done through his advice, then let his skirts be freed from the imputation.

FURTHER FROM SANTA FE. - The St. Louis Union of Monday says:

"Capt. Murphy left Santa Fe, on Government service, on the 9th ult., and arrived here last evening. On the 26th of September last, Captain M. says, Gen. Kearney left Santa Fe with three hundred U. S. Dragoons, for California. Captain Hudson is ordered to follow with his new company as soon as transportation can be obtained, also Brevet Lt. Col. Cook, with the Mormon Battalion, the command of which has been assigned to him. When Capt. M. left Santa Fe, Col. Doniphan's Regiment was under marching orders for Chihuahua. The last of Col. Price's Regiment arrived at Santa Fe on the 10th and 11th of October, in good condition; also the Mormon Battalion, commanded by Lieut. Smith of the Dragoons. Dr. George Penn is on his way home to enter upon the duties of Assistant Treas. urer at St. Louis, and will probably reach here in fifteen days. Capt. M. left him one hundred miles this side of Santa Fe. He met Captain Thompson at Willow Bar; all of his animals except four being lost. Capt. T. would be unable to proceed until he could purchase more animals. The Pawnee Indians had become very troublesome. They killed nineteen discharged teamsters, on the Arkansas twenty miles below the crossing. They had also fired on a Government train, killed one man, and wagon master at Pawnee Fork. The trains on the route are in bad condition, from lack of pasturage.

> From the N. O. Picayune. Eleven Days Later from Mouterey.

The steamship Galveston, Captain Wright, arrived yesterday afternoon from Brazos St. Jago, and Camargo, by way zens from the painful suspense which they have been in for some days. Our advices from Monterey came down to the 6th of October. The city is in quiet occupancy of our troops.

The report of the death of Col. Mc Clury, of the Mississippi volunteers, is unfounded-he was improving. Lieut. Dilworth, of the First Infantry, has died of wounds. Lieut. Graham, of the Fourth Infantry, was still alive, and hopes were entertained that he would recover. The death of Mr. Herman S. Thomas, of Hartford county, Md., will be deeply felt in his native State. He had joined Mc-Culloch's Rangers, to see actual service and fell in storming the second height. Captain Owen, formerly Lieut. of the Baltimore battalion left Monterey on the 6th of October, and, and furnishes the pic- 21 ayune with many interesting details. He says the American loss in three days actions is set down at 500 killed and wounded. We have no list of killed and

THE SEASON OF COUGHS AND COLDS. -No time in the year are habits of prudence so necessary for the due maintenance of health, as the winter season .-Colds, dangerous colds, which the bleak chilling winds beget, claim the earliest attention. And no medicine has yet been found that has proved so efficacious in the cure of all complaints having their seat in the region of the breast and lungs, as that most popular preparation WISTAR'S BAL-SAM WILD CHERRY.
